Soldier Letters.

Western, Germany,
June 8, 1919.

E. R. Wurzbach,
my friend:

As I have not heard from you for a long time, I thought I would write you a few lines. How is everything in the States? Hope fine as everything is fine here. But the question is when will we get to go home. It is what we all want to know. But now that we are the last Division to go as our new General told us last Sunday. You see we were to leave many May 27th. for Lamans, France, and sail June 5th. or 10th. The order was changed as peace was not signed, and now we are the last Division to go. It will be a two or three months after the other Divisions have left before we are and peace is not yet signed.

Well we have movies again. It is as if we can't stay long in one place any more, since we left Bremen. Neuf. Those towns are small but are the best ones that we have in yet. Of course while we were in Valenciennes we had shows every night or something like that. The past much faster, but since we were out in the sticks the days don't pass at all. The boys will all be home for the 4th. of July as the Division has sailed. I hope you will have a good time on the 4th. at Castroville. All the boys will have good time and I am still over here with no way to enjoy myself. Maybe I will have to go on guard that day I tell. I sure am getting tired of life I sometimes don't know what day to pass time. Sunday is the best day of the week. There are no more to go and see and to talk too, the old "Germans", and I can't get the days that have past when German men were trying to kill us as we came over the top. I will never forget it. And I hate to talk to them. So all I can do on Sunday is to go out and get under the shade of an apple tree and go to sleep in the green grass. I wrote this letter. Well I will have to close as my letter is getting long. Hope to hear from you real soon.

I am your friend,
CORR. ARTHUR W. BONGERS

Eich, Germany,
June 15, 1919.

Hondo Anvil Herald,
Hondo, Texas.
I am in receipt of a copy of your issue of May 17, 1919, which contains a letter from Pvt. Richard H. Zerr,

95 Co 6 R. U. S. M. C., in which he knocks the doughboys, and the 3rd. regular Division in particular. He also gives the 7th. U. S. Inf. a special knock. Now I have read this letter carefully and I have showed it to a number of men in this company who were in Belleau woods last spring where this man says the 7th. lost ground. I do not believe the man ever was in Belleau woods or he would know that the 7th. did not lose any ground. In fact, the 3rd. Battalion (which was on the left of the 1st. Battalion in the front line) advanced one kilometer. The 1st. Battalion turned the same lines over to Marines that the Marines turned over to the 1st. Battalion. The 1st. Battalion 7th. U. S. Inf. suffered about a 25 per cent casualty in the six days we were in there. There has never been a foot of ground lost by any unit of the 3rd. Division and we have credit for five battles.

The Marines did some gallant fighting and nobody who knows them will say they did not but I do not think any of them can say what Pvt. Zerr said in his letter to a man in this Division without having to prove it, which he cannot do.

He also said that when a doughboy was wounded and sent to the hospital that he was liable to be transferred. He was mistaken again for they could come back to their own outfits if they wanted to.

He is right when he says that the regular army is filled up with drafted men and National guards. But what does that matter, we are all fighting for the same cause.

If you will look up the records of the scrap in Belleau woods you will see that what I have said is true.

I hope this will show you that Pvt. Zerr did not know what he was talking about.

Respectfully,

Pvt. THOMAS J. NEUMAN,
Co. D. 7th. U. S. Inf., 3rd. Division,
American E. F.

The German national assembly in Weimar ratified the peace terms already signed by German delegates at Versailles June 28th. President Ebert signed the measure Wednesday night. The blockade of Germany by the allies now is lifted, also the censorship, and France will release German prisoners of war. After at least three other powers of the allies have ratified the treaty the pact becomes a law.

Our State senators defeated the bill against teaching the German language in the University in Austin by a vote of 70 against 34.

The Latest News.

Have you heard of the wonderful things God is doing on the earth? Do you know that we are living in the last days?

Do you know that signs in the sun, moon and stars are telling us that at the last days of June the German empire is done for? That the fatherhood of God and the brotherhood of man will rule? The United States of Europe will unite and do away with all rulers—only those that are elected by the people?

Have you heard that the U. S. will be a free country again? We must have freedom, equality and fraternity.

FRED METZGER.

Capt. Fred Metzger had the above printed in the Anvil Herald some two years ago. He now claims his prophecy came true. About the regaining of liberty he refers to prohibition, which enactment, in his opinion, makes us a "free" people.

Notice.

Dr. Knott will have charge of my practice for the next two months and will assure satisfaction to my many patrons and friends.

Dr. J. E. SCHLOTTMAN.

The Mothers' Club will meet at the home of Mrs. D. H. Fly on Monday, July 14, 1919, at 4 o'clock.

Fred D. Lynch Honored.

A French War Cross for special bravery with citation certificate and translation of same was forwarded by our war department to Mr. and Mrs. Pat. Lynch, the parents of Fred D. Lynch, who fell in France. He was a grandson of the aged Capt. Fred Metzger of Hondo. A memorial service for the brave soldier boy will be held tomorrow in the Methodist Church here at 11 a. m. The citation by Gen. Petain says:

General Headquarters of the French Armies of the East. Staff.
Personnel Bureau Order No. 15,366 (Decorations) "D" (Extract)

With the approbation of the Commander in Chief of the American Expeditionary Forces in France, the Marshal of France, Commander in Chief of the French Armies of the East, cites in the order of the Army:

Pvt. FRED D. LYNCH

No. 1,488,822, C. H. R., 141st Reg. Inf.
"Near St. Etienne, October 8-10, 1918, in spite of enemy fire, he voluntarily advanced, outflanking machine guns, capturing prisoners and destroying positions as he advanced. Was killed in action."

At General Headquarters,

April 13, 1919.

The Marshal of France,
Commander in Chief of the French Armies of the East.

PETAIN.

For Original Extract:
The Lieutenant Colonel,
Chief of Personnel Bureau.

At the Methodist Church.

Memorial Service in honor of Private Fredrick Lynch will be held in the Methodist Church Sunday, 11 a. m. Be sure and be present and bring your friends.

Balzen-Stiegler.

A pretty wedding occurred at St. John's Lutheran Church, San Antonio, at 8:00 p. m., July 3, 1919, when Miss Ella Stiegler became the bride of Mr. Chas. H. Balzen, Rev. E. Rode officiating. The happy young couple are members of two of the most prominent families of the Quilhi section of Medina county. The wedding party approached the altar to the strains of a beautiful wedding march, the bride carrying a lovely bouquet of Shasta daisies and ferns, while the maid of honor, Miss Frieda Joehing of San Antonio, carried a bouquet of beautiful roses.

The bride is the charming daughter of Mrs. Henry Stiegler, a native of Medina county and has a large circle of warm friends who rejoice with her in her happiness.

The groom is the son of Mr. and Mrs. H. H. Balzen, is a prosperous stock-farmer and is universally esteemed by all who know him, both for his many qualities and business integrity.

Immediately after the ceremony delicious refreshments consisting of ice cream and cake was provided by members of the congregation of the Church.

To the happy young couple a host of friends and admirers extend felicitations and trust that their journey down life's pathway side by side may prove one of unalloyed happiness and prosperity.

Meliff Lippold of the 141st Infantry, and Clarence Van Fleet of the navy, two more of Hondo's soldier boys, reached home, having received their honorable discharges from the service. Ice Cream Freezers. Holloway Bros.

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Maysapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

President Wilson arrived in New York Tuesday afternoon, together with Mrs. Wilson and Miss Margaret Wilson, from France. The party left for Washington the same day.

Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances.

SAVANNAH, Mo., Oct. 12, 1916.

"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."

According to the program President Wilson will address the U. S. Senate Thursday. After the senate has ratified the peace treaty, war with Germany is formally over and the treaty is binding.

Lame Shoulder.

This ailment is usually caused by rheumatism of the muscles. All that is needed is absolute rest and a few applications of Chamberlain's Liniment. Try it.

48 shots by heavy American artillery were fired from the Rhine fortress Ehrenbreitstein in celebration of the Fourth last Friday.

25 Cents is the Price of Peace.

The terrible itching and smarting, incident to certain skin diseases, is almost instantly allayed by applying Chamberlain's Salve. Price 25 cents.

The allies have failed to agree what to do with the rest of the German war fleet.

Jess Willard, the world's champion heavy weight boxer, lost his title in the contest with William Harrison Dempsey in the afternoon of the 4th of July. An arena was built for the occasion with 80,000 seats at Toledo, Ohio. Prices for seats ranging from \$5 to \$60 each. Only half of the seats were occupied. The thermometer showed 115 degrees. The fight ended after three rounds. Dempsey had Willard virtually defeated in the first round, had him knocked down five times, his right eye injured, blood pouring from his mouth.

Eight to Eleven Acres a Day

At Less Fuel Cost Per Acre

That's the satisfactory result that users of the dependable Waterloo Boy Tractor get in plowing.

It's a "three-plow" tractor under usual field conditions—a dependable source of power that keeps three furrows turning steadily round after round until the plowing is done.

It's a tractor you can use to full satisfaction in pulling your other tractor implements and in operating belt machines.

Up to its rated capacity of 12 H.P. at the draw bar and 25 H.P. at the belt, it will do any of the farm power work that horses or heavy duty stationary or portable engines can do—plenty of reserve power for emergencies.

All of its work is accomplished with economy that every user appreciates.

It burns kerosene perfectly. No motor trouble, delay and expense from imperfect combustion. Saves many dollars in fuel cost. Every drop of kerosene is converted into a pure gas by its patented kerosene manifold—no mixing of kerosene and lubricating oil—no carbonizing of cylinders or fouling of spark plugs.

The powerful two-cylinder motor with big bore and long stroke, perfectly balanced on a solid foundation, runs at a moderate speed with only slight vibration. Gives full power without racking mechanism.

Through detachable protecting plates the working parts of the motor, the transmission and differential are easy to get at to adjust or repair from a standing position.

The Waterloo Boy Tractor Gives Dependable, Economical, Satisfactory Service. Come in. We Want to Show You Why

Hope for Those Who Have Stomach Trouble.

After doctoring for about twelve years for a bad stomach trouble, and spending nearly five hundred dollars for medicine and doctor's fees, I purchased my wife one box of Chamberlain's Tablets, which did her so much good that she continued to use them and they have done her more good than all of the medicine I bought before.—Samuel Boyer, Folsom, Iowa.

15,000 army men are discharged daily now in the United States. Over 24 million men were discharged by July 1st. More than 70,000 men have again enlisted for service.

Chamberlain's Tablets.

These Tablets are intended especially for stomach troubles, biliousness and constipation. If you have any troubles of this sort, give them a trial and realize for yourself what a first class medicine will do for you. They only cost a quarter.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THEFORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

A UNIQUE RECORD.

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago, a citizen of Hondo gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

Mrs. P. H. Renkin, tinsmith, Hondo, says: "I have used Doan's Kidney Pills and they have been used by others in my family with the best of results. My kidneys were disordered and acted irregularly. I saw Doan's Kidney Pills advertised and in this way I first became acquainted with their merits and started to use them. One box of Doan's entirely removed the trouble."

ALWAYS GETS GOOD RESULTS.

The above statement was given May 29, 1915, and on May 5, 1919, Mrs. Renkin said: "I am just as firm a believer in Doan's Kidney Pills now as when I previously endorsed them. I use Doan's when my back or kidneys bother me and they always cure the attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Renkin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

The traditional bank in which money is not always a very convenient place, although it is safe, for the money has a tendency to slip down, and then the owner has to dig perhaps as far as her shoe tops to get it. To obviate this disadvantage Leonard Careless of St. Paul, Minn., has invented a purse which is attached to the pendant garter and may be fastened either inside or outside the stocking.

The inventor has just received a patent upon this device, the details of which will readily be understood from the diagram.

WATER WORKS MAN GIVES OUT FACTS.

After Searching for Years He At Last Finds Medicine That Ends Troubles.

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony from rheumatism and was in such a wretched condition that I was hardly fit for a thing."

"After trying nearly everything I could here of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

Tanlac is sold by leading druggists everywhere.

Far From Other Cities.

What is the most out-of-the-way place in the United States? A Utah man nominates Hanksville, in that state, for the distinction. Hanksville, he says, is the last postoffice for several hundred miles to the south and a hundred miles to the east. The mail that reaches there goes through so much hardship that the wrappings are usually worn out, for it must pass through the hands of three star route contractors before reaching its destination. A letter from Hanksville, he says, had just reached him at Green River, 60 miles away, which had been 16 days on the way.

SURGEONS agree that in cases of Cuts, Burns, Bruises and Wounds, the FIRST TREATMENT is most important. You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

The Secret of Happiness

The Secret of Happiness is as securely hidden today as it was at the dawn of creation. We do not exactly know what things bring happiness; but we do know some of the things that do not bring it. Money doesn't bring it. That is sure, because if it did all rich people would be happy—and many of them are miserable. Position doesn't bring it; position brings responsibility and worry. Even good health is not essential to happiness. Sometimes chronic invalids are the happiest people in the world. Happiness is purely a state of mind. We are happy when we are lifted out of ourselves. Most of us are happy when we hear good music.

The NEW EDISON

"The Phonograph with a Soul"

will help to make you happy because it will bring into your home all the great music that has come echoing down the ages. More than that, it will give you all that you could get by actually hearing the greatest artists on the opera stage or concert platform. Only with the New Edison is this possible.

Let us demonstrate the truth of our statement.

C. R. GAINES,

Hondo, Texas.

Sole Agent for Medina County.

The British dirigible R-34 made the first trip across the Atlantic from Scotland to Mineola, New York in 108 hours and covered 3600 miles. The trip was successful. The driving power of the airship consists of five Sunbeam motors with a total of 1000 horse power. Speed about 70 miles an hour in favorable weather. 7,000 to 8,000 gallons of gasoline, weighing 16 tons, are carried. Lifting capacity is 59 tons. Crew 30 men, sleeping quarters for half that number. Electric stoves insure hot meals. 640 feet in length, beam 79 feet; from the bottom to top she measures 79 feet. A wireless equipment with a receiving radius of 1500 miles provides for communication with the earth. R-34 and R-33 were built during the war to outvie German Zeppelins.

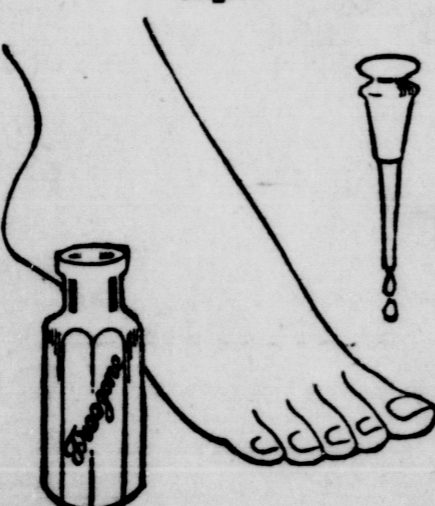

The St. Joseph Catholic Church has decided to move its old frame building to lots west of its present location, facing with the priest's home, to make room for their new white limestone \$10,000 Church, the quarrying of the stones to begin at once. They have the same complaint, however, of getting laborers.—Devine News.

Charles W. Stone.

When news of the death of this highly respected old citizen of Hondo was received here Monday it caused a distinct feeling of sadness and personal loss to the people of this section, where he has been a familiar figure for past half score years. Deceased fell asleep at the home of his daughter, Mrs. David B. McManus, at Thomaston at 10:30 o'clock Monday morning, aged 77 years and 6 months.

Mr. Stone went to Thomaston some time ago on a visit to his daughter, and the people of Hondo then were somewhat apprehensive, as it was apparent that his years were weighing heavily upon him and his friends realized that his passage through the portals leading to the life beyond the grave could not be much longer delayed.

We are not advised as to Mr. Stone's native state, but the days of his young manhood were spent in Travis county, Texas; from there he moved to Caldwell county, coming from there to Medina county. He was a gallant old Confederate soldier, having served during the civil war in that great fighting unit, Terry's Texas Rangers, and one of the greatest pleasures of his latter day life was the attending of the re-unions and meeting his old comrades in arms.

The body of the deceased was carried to Lockhart and placed beside his wife who preceded him to the grave by some two years. He is survived by six children, three daughters and three sons, to wit: Mrs. David B. McManus of Thomaston; Misses Stella and Lena and Byron Stone of Hondo; and Messrs. Clyde and Roy Stone of McAllen.

The bereaved children have the sympathy of a large circle of friends in their bereavement.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

A total of 2.98 inches of rain had fallen in Hondo since the first of July up to noon Monday. This added to the 6.87 inches for June, makes a total of 9.85 inches of rain since June 1st., a pretty good showing for an arid section. The weather cleared Monday afternoon, very much to the delight of the farmers and everybody else, and the hope is generally expressed that not a drop of rain will fall in this section for a month. Cotton needs dry weather, and the harvesting of the feed crops need immediate attention. There is considerable complaint of boll weevil, but many farmers are of the opinion that a period of hot sunshine will to a certain extent, put a stop to their ravages.

SEED SITUATION.

By FLETCHER DAVIS,
Field Agent of the State Department
of Agriculture.
(In The Southland Farmer of June
15, 1919.)

Each recurring Spring finds many farmers scrambling for field seeds. Oftentimes they pay extortionate prices for them and sometimes they have to plant inferior seeds, diseased seed or seeds of undesirable varieties. This should teach us the importance of home production of seeds.

It is accepted by all students of biology, so far as the writer is informed, and it is borne out by the experience and observation of practical farmers everywhere, that the seeds of most if not all of our farm crops must be acclimated to any given section before they will produce the best results.

This is certainly true of animal life, and when we consider the more intimate relation of plant life with the soil and the greater dependence of plants upon favorable climatic and weather conditions, it is reasonable and logical that the same rule should apply with equal if not greater force to the latter.

Accepting this theory, then, as an established scientific fact, it follows that the best place for the farmer to secure his field seeds is in his own locality and the best way to secure them is by producing and selecting them himself on his own farm.

Therefore, the securing of the very best of seeds would call for the seed-plat, for each crop produced on the farm, where the process of cross fertilization might be studied and the system of selection and elimination might be carried to the limits of discernment and discrimination.

But as this calls for an intimate knowledge of the principles of plant growth and reproduction, together with observant and discriminating powers of mind and a painstaking attention to detail quite beyond the possibility of the busy American farmer, with all the multitudinous affairs of his active life calling for his attention, to bestow upon the task, it must be dismissed from any scheme of general farming as impracticable.

The science and art of plant breeding when combined with practical business judgment is opening up a field that is at once fascinating and profitable to the man of that happy bent or trend of mind.

It is fascinating to the man of science because it opens a field for study, for experimentation and for observation as varied as plant life itself.

It offers an inviting field to the business man; because, with the natural trend of the times to specialization and the keen competition for the markets, the successful productions of his scientific endeavors will always command a high price from those busy farmers who are seeking the best in quality and variety.

It has already attracted a great many men of unusual ability and is attracting more every day.

But we haven't enough of scientific seed-breeders and producers in our country.

DALLAS, TEXAS

That an automobile can always be depended on to fail one in a pinch was again demonstrated this week. Ashville Gilliam, with a bevy of girls, was riding in the family car, and in attempting to cross the Hondo came to grief. The water was deeper than Ashville figured on, and soon he was in the midst of a critical situation. Of course the engine went "dead" when the deepest water was reached, and the car was almost submerged, and the girls became somewhat nervous—and wet. They were finally landed on terra firma, none the worse except for some bedraggled raiment. The services of some half dozen hybrid descendants of Baalam's saddle pony were requisitioned and the car was hauled to safety. For a while it was a critical situation, "but all's well that ends well."

The Joy of Living.

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

SAXA

"Nature's Gift to Suffering Humanity"

A Natural Mineral Deposit. A Very Effective Antiseptic. Very effective for Cancers, Piles, Running Sores, Flesh Cuts, Burns and all Skin Diseases.

TESTIMONIAL

Pledger, Tex., Oct. 31, 1918.
It is a pleasure to me to recommend Saxa. I always deal with my neighbors and friends. I suffered with cancer for several years and was treated by several of my home doctors. They gave me no relief, so I then tried the doctors at John Sealy Hospital, but my face grew worse. I had almost given up when I heard of Saxa, so I decided to give it a trial, and when I began the treatment my face was swollen so badly I could hardly see out of one eye. One of my nostrils was so affected with the disease that I could not breathe out of it and I could not hang my head down. When I used the first treatment my face gave off a great discharge and the swelling began to leave. After using it for six weeks all of the swelling was gone and the cancer began to heal. I have used Saxa now for 14 weeks and I am glad to say that it has cured me entirely. I will always keep Saxa in my house, for I cannot say too much for it. I can highly recommend Saxa for cancer and will gladly do so. (Signed) M. H. ELLIS.

SATISFY!

—what the deuce
does that mean?

It means that NEW thing in a cigarette, that does for your smoke-hunger exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do more than please the taste—it must "touch the smoke-spot."

That's what Chesterfields do. They let you know you are smoking—they SATISFY.

And here's why—Chesterfields have body. The finer, silkier leaves of TURKISH have been properly blended with several varieties of the best DOMESTIC tobaccos, famous for their full-bodied flavor.

SATISFY is something that no cigarette, except Chesterfields, can give you—regardless of price. Because no cigarette maker can copy the Chesterfield blend.

Say "Chesterfield" to your dealer.
